

# Construction Apps

Snappii offers more mobile apps for the construction industry than anybody else. The apps are built on Snappii's ultrafast codeless platform. All the apps can be 100% **customized** to meet customer specific requirements.

## [Construction Daily Log](#)

### Stay in Control of Construction Field Activities

Collect individual field reports to track construction project statuses, contractors, time spent on the site and labor costs, work progress, weather conditions, purchased material, and rental equipment.

## [Construction Equipment Inspection](#)

### Prevent Equipment Failure and Downtime

Easily and quickly inspect on-site equipment to identify problems and take preventive actions.

## [Construction Estimator and Bidding App](#)

### Produce Profitable Bids with Precise Material and Labor Costs

Automatically, from within the estimate, calculate and submit material and labor estimates. Eliminate costly manual data entry and calculation errors.

## [Construction Manager](#)

### Effectively Manage Construction Projects on the Go

Create construction estimates on the spot, calculate room sizes, concrete and paint amounts, conduct inspections, fill out timesheets, and track daily construction activities. Share records with a click of a button.

## [Inspect & Maintain Trucks](#)

### Stay in Control of Your Fleet Maintenance

Perform detailed truck inspections, integrate photos, locations, and signatures, and share auto-generated inspection reports.

### [Bridge Inspection App](#)

**Ensure Public Safety and Comply with Federal Regulations**  
Conduct routine bridge maintenance and concrete bridge deck inspections with the convenience of your mobile device. A specific iPad version of *Bridge Inspection App* is also available.
