

Oil & Gas Apps

Snappii offers more mobile apps for the oil & gas industry than anybody else.
The apps are built on Snappii's ultrafast codeless platform.
All the apps can be 100% **customized** to meet customer specific requirements.

[Oil & Gas Field Operations](#)

Stay in Control of Oil & Gas Field Operations

Use this mobile app to perform inspections, make risk assessments, calculate density of oil and gas, measure drill pipe capacity, displacement and weight.

Specific iPad and Android Tablet versions of *Oil & Gas Field Operations* are also available.

[Oilfield Pipe Volume](#)

Perform Calculations on the Go

Measure and calculate pipeline volumes in inches, feet, meters and centimeters

[Pipeline Inspection](#)

Prevent Equipment Failure and Lower Costs

Inspect oil and gas pipe networks and pipeline coatings for signs of defects, excessive wear, corrosion, or leaks.

A specific iPad version of *Pipeline Inspection* is also available.

[Oil & Gas Rig Inspection](#)

Ensure Safety, Prevent Equipment Failure and Downtime

Conduct:

- confined space inspections,
- derrick and substructure inspections,
- hoisting tool inspections,
- workover rig vehicle inspections,
- blow-out preventer inspections
- generator area & electrical system inspections,
- hot work inspections.

A specific iPad version of *Oil & Gas Rig Inspection* is also available.

[Oil & Gas Safety Management](#)

Ensure Employee and Public Safety and Compliance with Federal Regulations

Conduct such types of safety inspections as HSE management, health, quality assurance, protective equipment, emergency preparedness, incident recordation, transportation, communication, and environment. A specific iPad version of *Oil & Gas Safety Management* is also available.

[Inventory Anything](#)

Collect and Manage Inventory with Ease and Efficiency

Get an accurate account of the inventory items in your store, stockroom, in the field, etc. Track inventory and the total value of the assets. Replace expensive scanning devices. Share auto-generated PDF and Excel reports.

[Heavy Equipment Inspection](#)

Prevent Equipment Failure and Downtime

Conduct thorough heavy equipment inspections, integrate photos, locations, and signatures, and share auto-generated inspection reports. A specific iPad version of *Heavy Equipment Inspection* is also available.

[Heavy Equipment Inventory](#)

Effectively Monitor, Manage, and Maintain Heavy Equipment

Track your heavy equipment inventory, its location, status, and condition with the convenience of your mobile device.

[Construction Daily Log](#)

Stay in Control of Construction Field Activities

Collect individual field reports to track construction project statuses, contractors, time spent on the site and labor costs, work progress, weather conditions, purchased material, and rental equipment.

[Road Inspection App](#)

Streamline and Expedite Road Inspections

Conduct road, road segment, parking lot, and risk assessment inspections. Integrate photos, maps, and signatures into your reports with a click of a button. Enable residents to instantly report road issues. Enable residents to instantly report road issues. A specific iPad version of *Road Inspection* is also available.

[Inspect & Maintain Trucks](#)

Stay in Control of Your Fleet Maintenance

Perform detailed truck inspections, integrate photos, locations, and signatures, and share auto-generated inspection reports.

[Inspect Tractors & Document Information](#)

Prevent Equipment Failure and Downtime

Conduct detailed tractor inspections by checking fluid levels, tire and wheel inflation, batteries, and other major components.

[Inspect Excavators Online & Offline](#)

Prevent Equipment Failure and Downtime

Conduct detailed excavator inspections and share auto-generated inspection reports.

[Inspect Elevators & Ensure Safety](#)

Ensure Public Safety, Comply with Safety Standards, and Extend Elevator Service Life

Conduct thorough elevator inspections, integrate photos, locations, and signatures, and share auto-generated inspection reports.

[Work Order Assigner](#)

Manage Human Resources More Efficiently

Conduct job interviews, calculate salary and turnover rates, and fill out time sheets, accident reports, and vacation requests.

[Job Estimate and Repair Order](#)

Win More Projects and Generate Lots of Loyal Clients

Make project estimates and repair orders, calculate project costs in parts and labor, track work progress, and create completion reports. Share records with your clients anytime, anywhere.

[Construction Estimator and Bidding App](#)

Produce Profitable Bids with Precise Material and Labor Costs

Automatically, from within the estimate, calculate and submit material and labor estimates. Eliminate costly manual data entry and calculation errors

[Sign In Guest Book](#)

Enhance Visitor Management and Improve Security

Keep track of your visitors at the reception. Improve customer service and satisfaction, eliminate paperwork, and go green.

[Fleet Management](#)

Track Your Fleet and Crew

Add vehicles, equipment, create your own database of drivers, assign tasks and update captured details.

[Inspect, Assess Ships & Vessels](#)

Ensure Public Safety, Comply with Safety Standards, and Extend Vessel Service Life

Check multiple components and assemblies of vessels, including general information, deck, hold, gears and cranes. The given inspection form complies with international regulations.

[Inspect Anything](#)

Streamline Field Inspections and Expedite Reporting

Create and instantly share full-length inspection reports with photos, drawings, QR codes, barcodes, and locations.

[Camera to PDF Scanner](#)

Instantly Convert Photos and Descriptions into PDF Files

Capture images, add descriptions, instantly generate PDF and Excel reports and share them with others. Save time and effort spent on finding and operating scanners.

Welding Inspection

Streamline Welding Inspections and Improve Quality

Perform welding inspections, save collected data on your mobile device, and on demand share custom Excel and PDF inspection reports. Create a database of your clients.
